

Notice To Our Patients

RE: Office Policy Regarding Insurance

As a courtesy to our patients, our office will call and research your insurance to obtain an estimate of your benefits. Please note the estimate that we provide you with is based on the information we have received from your insurance company. It is not an authorization for your procedure, and does not guarantee that you will receive these exact benefits. If there is still a balance on your account after your insurance pays, we will send you a statement. Many insurance companies are vague and non-committal regarding benefits until they receive the actual claim. Our practice is committed to providing the best treatment possible for our patients and our fees are fair, usual, and customary for our area. Your insurance is a contract between your employer, your insurance company, and you. Alternate benefits and policy provisions can apply to these services. It is the Insured's responsibility to know how his/her plan works. You are always welcome to call your insurance company and verify your benefits.

I have read and agree to this office policy regarding insurance:

Please print Patient name: _____

Please print Guardian name: _____

Signature of Patient or Guardian: _____
